

*35th Anniversary*

## Clean

Start cleaning with a Shurhold Handle and one of our Premium Deck Brushes. Next, add 2 capfuls of our Yacht Brite Professional Brite Wash Cleaner to a gallon of water. This will give your boat the most gentle environmentally-friendly cleaning. Then, use our Serious Marine Cleaner for those tougher cleaning jobs on a multitude of surfaces from carpet to teak.

## Polish

Buff Magic will bring a heavily oxidized hull back to life or make your stainless steel and brass shine like new. Then apply a coat of Pro Polish to protect your newly cleaned or reconditioned boat. Pro Polish contains UV inhibitors and protective polymers that work together to create a deep, durable, long-lasting shine.

## Protect

Just have time for a quick detail? Break out a can of Serious Shine and one of our premium microfiber towels. Serious Shine is a professional grade, one-step, waterless cleaner and polish. Serious Shine removes soils from surfaces and leaves a protective coating that helps inhibit future staining, while screening out harmful UV rays. Perfect for isinglass, gel coat, glass, mirrors, plastics and more.

# Your Tool For Pure Fuel!

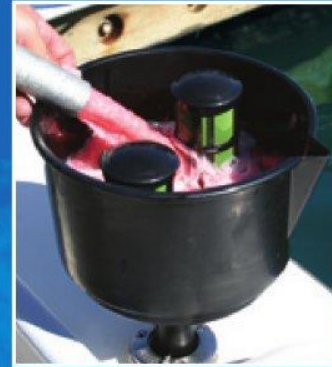

The Fuel Filter Funnel from Mr. Funnel will filter gasoline, diesel, heating oil, kerosene and 2-cycle mixed gas. All in a convenient, affordable design which never needs any replacement parts.

## Removes Water From Fuel!

When fuel is poured through the Fuel Filter Funnel, water, dirt and debris will not pass through the filter's fluoropolymer-coated stainless steel filter. Only filtered fuel flows through to your engine, improving its efficiency, durability, and proper operation.

The sump area collects the deflected water and debris for easy cleaning and disposal.
